

Memories to last a lifetime

Who We Are

Welcome to School of Play, where we believe that every child deserves the chance to create cherished **'Memories to Last a Lifetime.'**

Our focus is on creating a **'Home Away from Home'** at each of our settings and **'Keeping Kids Moving'** in an age of tech, all while fostering confidence, relationship building, and a sense of belonging.

Our Wraparound Care

About Us

The feeling we create for the children at our breakfast and after-school clubs is what makes us truly unique!

Our dedicated team of childcare professionals are passionate about making a difference to the children in our care, creating an environment that feels like a **'Home Away from Home'** for the children.

A Healthy Lifestyle Creates a Healthy Mind

We believe fuelling children with the right nutrition will keep them bursting with energy throughout their school day. We offer nutritious snacks that the children will love, alongside encouraging sports and outdoor play.

How We Work

We have two groups to our camps, Create and Sport. In Create, we are craft and play-focused, and in Sport, we provide a variety of games and physical activities. Whichever group your child decides to choose, each activity is meticulously designed to cultivate fun, enjoyment, and learning.

Check out what activities we provide on the next page.

What Do Parents Say?

“It helps me feel better with my mum guilt”

“Loved it – friendly and fun and such nice staff. All the kids always come out with big smiles which is lovely”.

“The team is the most important characteristic for me.”

“My daughter is very fussy and struggles to enjoy holiday clubs, this she has fully enjoyed and can’t wait to go again next time.”

Create

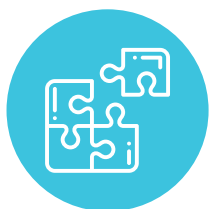

Arts and Craft

The children will delve into the world of colours, textures, and shapes. Guided by our skilled playworkers. The children create masterpieces with clay, paints, paper mâché, biodegradable glitter and so much more.

Imagine Sessions

Inspired by the innovative techniques taught to us by The Little Magic Train, our imagine sessions transport children to enchanting worlds where their imaginations can run wild. We travel to Space, back to the dinosaurs, and even to Ancient China.

Interactive Games

We play lots of games that encourage social skills, teamwork, and problem-solving abilities. Through games, the children learn the importance of collaboration and develop resilience in the face of challenges whilst also having FUN!

Outdoor Play

Outdoor activities not only promote physical fitness but also instil an appreciation for the fresh air and freedom of the outdoors. Whether it's scavenger hunts, team sports, or simply enjoying the space to run around, our outdoor play sessions are filled with laughter, energy, and a sense of adventure.

Sport

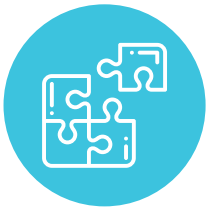

Skill Sessions

The children have the opportunity to participate in high-energy matches and skills sessions tailored to their age and skill level. Whether it's football, basketball, gymnastics, or any other sport, our experienced coaches provide expert guidance to enhance their abilities and understanding of the game.

Matches

What sets us apart in our sports camp is our ability to make our sports activities even more fun and interactive through coaching techniques such as gamification. Through innovative game modifications such as Missions, Levels, and Superpowers, we instil essential skills such as strategic thinking, decision-making, and problem-solving.

Interactive Games

As well as sporting sessions and matches, we also break up the days with smaller games, like Splat, Stop the Bus, and Ninja to name a few. As energetic and sports crazed as the children are, they do benefit from a little break from the high-energy sessions throughout the day.

Outdoor Play

Our sports groups also enjoy the outdoors during their sports sessions (if the weather permits) and during break times. Whether it's a quick run around with friends, orienteering, or some free play, our outdoor time is normally filled with laughter, energy, and friendship.

After-School Sports Classes

Evening Sports Classes

Sports Programmes

About Us

Our P.E and Sports Provision sessions are designed to aid and develop our pupils' physical activity skills, keep them active, healthy, and involved in a variety of sports and physical activity. But that's not all we aim to do... we also want is to install a sense of enjoyment in moving our bodies which will allow the children to find their love for exercise and carry that enjoyment into adulthood.

Have You Heard Of Swim:Ed?

We have taken on board a new, innovative approach to school swimming aimed at reducing lost learning time and improving swimming proficiency. Our pop-up pool is installed and managed on your school site, offering high-quality, convenient swimming lessons in a secure environment. Providing children easy access to affordable swimming is key to:

- Increasing lost learning time
- Improving the quality of teaching
- Reducing teacher staffing pressures
- Less reliance on public pool timings and availability
- Increased time spent in the pool
